Lord Sanat Kumara

07 April 2011

(Latest update on 06 August 2025)

I have come today, dear children of RAIMA (the Earth) with Alive, Bright and Pure Souls, and I turn to those of you who, despite the difficulties you have at every step you make, seek our Help and Support and continue to move forward along the Path to God. I am greeting you for your decision.

I have come to inspire you with confidence and to infuse new strengths in you. The process of purification of planet RAIMA (the Earth) has started so that it can be preserved and those of you who have decided to advance to the Real world of God can continue their evolution.

And this purification process of your planet is a logical result from the decisions and actions of the humanity as a whole and of some of its individual representatives performed so far. In this way only, the planet and the Alive Life on it can continue their existence.

Beside the implementation in your life of what you have already received from us, today I will give you some Guidance about what you could do when it becomes especially difficult for you.

Print and look at the Messages-Pictures that Rositsa Avela has started to receive and draw under the direction of a Higher Being of Light each time.* They provide absolutely real and efficient Help from the Higher Octaves of Light that is given to support you when it is so difficult for you that you have remained without strength and without the desire to do anything. The only thing you need to do before that is to ensure silence and to be alone.

While you are looking at the Message-Picture that attracts you the most at that moment,

- thank God and send Him your Divine Love;
- thank our Heavenly Father Lord Alpha as well and all the Angels and Archangels who help you and support you all the time along your Path when you need and have asked for their Help and Support, and send them your

Divine Love.

- Send your Divine Love and thank the Father of Our Universe about everything that is happening because whatever happens, it is the best both for you and your Soul and for the Souls of your close ones and for the further evolution of the humanity and your whole planet.

Everyone of you will feel individually how long to look at the Message-Picture they have preferred at the moment. And while you are looking at it, thanking and sending your Divine Love to the Higher Octaves of Light, you will gradually feel how you are filling up with new strength and you are willing to continue forward and upward again.

You will understand and accept the Divine logics that whatever has happened and happens, and also whatever is about to happen, it is the best from the point of view of Eternity.

* See Part [Messages-Pictures 'Help from the Higher Octaves of Light'](#). When you want to download a Message-Picture from the UNITY website (edinenie-vsemirno.net and edinenie-vsemirno.bg) and print it, click with the mouse on the Message-Picture. This will open a new window with the zoomed Message-Picture. After that, right-click with the mouse the zoomed Message-Picture and select the option *Save as...* Thus, the Message-Picture saved on the website as a .jpg file can be transferred on another computer and printed with a colour printer.
